1st stage

Employee eligibility

Employee eligibility

The employer finds a candidate and determines whether they are eligible for a Temporary residence permit (TRP).

Eligibility criteria:

- Direct employment at a company registered in Lithuania.
- The employment period in Lithuania is at least six months.
- The employee must meet at least one of these requirements:
 - Have a proof of qualification (e.g. a certificate from an educational institution)
 - Have at least one year of relevant work experience during the last five years.
 - Will receive a monthly salary which is equal or higher than the average monthly salary at the company in the last calendar year.

A decision of the Employment Service regarding demand for the employee's qualifications is needed in case the profession is not included in the high-demand profession list or the relevant quota is exhausted.

In such case, the employer submits the documents to the Employment Service. The decision is then directly forwarded to the Migration Department.

The employer has registered the vacancy with the Employment Service at least **5 business days** ago.
